**U. S. SUBMARINE
BLOWN UP; BODY OF
ONE MAN RECOVERED****E-2 is Partially Sunk Lying
in New York Navy
Yard.****MANY TAKEN OUT INJURED**

Newspapermen, barred from the yards and vicinity of the accident, are here in first one body recovered lying near a hatchway; cause unknown.

By Associated Press.

NEW YORK, Jan. 15.—The United States submarine E-2 was today blown up and partially sunk in the New York Navy Yard. The body of one man killed in the internal explosion was recovered and a report to Brooklyn police headquarters said seven others were killed.

The cause of the explosion, which was said to have occurred in the plates of the craft, could not be learned at once after the accident occurred. Several rescue parties which entered the craft at the time of the explosion were driven away by heavy gas fumes.

Several officers, who were involved in the craft, were pulled out after becoming unconscious. The one body recovered was found near a hatchway.

Newspapermen were barred from the yard and in some cases driven out, but the report of the explosion could be confirmed through yard officials and all details concerning the accident were refused.

It was reported that the engineers in the navy yard were testing one of the new Edison batteries installed in the craft at the time of the explosion. These batteries were intended to substitute the danger to the crews of submarines from the use of gasoline.

Later reports came from the navy yard that 12 men had been taken out seriously injured, and 20 with lighter injuries. They were removed to the naval hospital in the yard.

WASHINGTON, Jan. 15.—The submarine E-2 was at the New York Navy Yard having installed the new batteries when Thomas A. Edison has developed for the United States Navy. She was the first submarine being so equipped.

Ten men were known to be aboard the E-2 when the explosion occurred. Two injured men have been taken out. A preliminary report to the Navy Department said that the explosion was caused by the failure of the Edison battery.

The submarine E-2 was built in 1910 and displaced 430 tons. She was capable of traveling 14 knots on the surface and 11 knots when submerged.

The E-2 in September 1914 had a major engine trouble and was sent to the yard at which the E-4 outside Honolulu Harbor. While the submarine was engaged in maneuvers off Hawaii, the E-2 was damaged. When the vessel was submerged 50 feet, it ran into the bottom of the harbor. Instead of blowing up the tank, when the submarine reached the surface the conning tower was quickly ground to give the crew fresh air. Every one of the 10 members of the crew, it is said, was more or less affected by the gas, some being from the nose and mouth. As a result of the explosion, Edison battery was under medical treatment at the naval hospital in Los Angeles, Cal., for several months.

The E-2 was the only vessel in the world equipped with the Edison nickel battery and also made her first trip successfully with them on December 7, last. With Lieutenant Charles M. Cooke, Jr., in command, the E-2 made an extensive run on the surface, then dived and maneuvered for several hours. After these experiences, the E-2 made a successful run submerged and the crew found no trace of gas.

The run proved it was desired an excellent authority, that the new batteries gave better speed with less fuel.

The E-2 went into the water at Boston in the spring of 1912. The boat was built in the yards of the Electric Boat Company at Port Huron, Mich.

House Directs Searching Inquiry Into
Reorganization of the Ohio Gould
Properties.

By Associated Press.

WASHINGTON, Jan. 15.—Prompt investigation of the physical condition of the Wabash-Pittsburgh Terminal Railway Company recommended to be made by the Interstate Commerce Commission in a resolution adopted by the House committee on interstate and foreign commerce at a meeting yesterday, and reported favorably from the committee to the floor.

No other entrance into Pittsburgh can ever be had, according to competent authorities, Paul M. Burnett, of Baltimore, of counsel for some of the bondholders interested, told the committee at the hearing held on the resolution yesterday. He declared that the actual value of the physical properties of the Wabash-Pittsburgh Terminal Railway Company were greater today than before the appointment of a receiver, and yet the bonds which sold at 95 in 1905 had gradually depreciated year by year until in 1915 they had sold at 45, which was only 45 on a \$1,000 bond.

In a brief which Mr. Burnett presented as part of the record to be submitted to the Interstate Commerce Commission, serious allegations were made in connection with the proposed reorganization plan, as follows:

"First, after the distribution of the bonds to the public had been completed, a plot was framed to wreck the company.

"Second, that the late E. H. Harriman, now for Joseph L. Ramsey, that president of the Gould railroad and a man who had a depression on the bonds of the company, and a track and trucking contracts were cancelled and that in a few days the road was put in the hands of receivers.

"Fourth, that the whole transaction was a fraud and a conspiracy to defraud the bondholders and a conspiracy to defraud the public.

"Fifth, that the whole transaction was a fraud and a conspiracy to defraud the bondholders and a conspiracy to defraud the public.

"Sixth, that the whole transaction was a fraud and a conspiracy to defraud the bondholders and a conspiracy to defraud the public.

"Seventh, that the whole transaction was a fraud and a conspiracy to defraud the bondholders and a conspiracy to defraud the public.

"Eighth, that the whole transaction was a fraud and a conspiracy to defraud the bondholders and a conspiracy to defraud the public.

"Ninth, that the whole transaction was a fraud and a conspiracy to defraud the bondholders and a conspiracy to defraud the public.

"Tenth, that the whole transaction was a fraud and a conspiracy to defraud the bondholders and a conspiracy to defraud the public.

NORTH HOLLAND FLOODED

Breaking of Dykes Causes Great Loss
and Much Suffering.

By Associated Press.

LONDON, Jan. 15.—The damage caused by the flood in North Holland, said by Reuters' Amsterdam correspondent to be greater than was believed at first. The great dykes along the Zuider Zee collapsed at several places. Peasants with their cattle fled precipitously before the rising water.

Next morning the dykes broke at several points before the people realized the danger. The waters of the Zuider Zee flooded the land with such force as to wash away large sections of the roads which run along the dykes.

From all North Holland come reports of distress caused by the flood. Considerable damage was done at Volendam and IJdem, in Texel and Marken Island, and in the province of Groningen.

Four Great Brotherhoods Have
Consented to Get a Wage Advance
This Year.

By Associated Press.

The consolidated demands of the four great brotherhoods of railway trainmen, which were formulated by a special committee appointed at the recent convention in Chicago, have been submitted in circular form to the members of these organizations for a referendum vote, which is now being taken.

The scope of the demands, which are rather more comprehensive than the public gathered from the information which has thus far been given out, in general, the purpose will be to both reduce the hours of labor and increase the rate of pay for the work done. The announcement has been made by the brotherhood officials that they will decline to arbitrate the points involved by their demands, and falling through conference with the operating officials of the roads to reach an agreement, they will order a general strike on all the railroads in the United States and Canada.

JOBS COST MORE

Applicants Must Now Undergo a
Physical Examination.

A feature of the Pennsylvania Workmen's Compensation act is that a man to secure a job. The law requires that before a man may be employed and covered by the insurance he must undergo a physical examination. This must pay for out of his own pocket.

A blank form application for a job is provided by the state. After answering about 100 questions, the applicant is ready to be examined. Then he pays the physician for the examination and goes after the job.

The question has been raised whether acceptance of a man by an insurance company would not be a guarantee of physical condition, but this does not conform to the new law.

**SHORT TERM BONDS

Pittsburgh Firm Also Advances
Cash to City With-
out Expected Delay.

By Associated Press.

Further proof that the short term street improvement bonds provide one of the best means of raising funds for the city was brought out at a council meeting last night when Mr. Price, a representative of Lyon-Singer Company, Pittsburgh, requested permission to advance cash to the city without expected delay.

The bonds, which were purchased from Austin & Matthews, W. P. Johnston and the Joseph Solson, Pittsburgh, were sold at a premium of 101. The city will receive \$100,000 for the bonds, with accrued interest, which will be paid to the city treasurer.

Mr. Price stated that the company's estimate from time to time in bonds, but under Mr. Price's system, the bonds will be paid for in cash by the city and the contractors will be paid out of this fund. In this way the city will get the benefit of additional interest while this money is in hand. Mr. Price stated that he had no objection to the bonds and expressed a desire to bid on future issues of the city. He had readily disposed of them to customers and was anxious to deliver them.

Though he had voted to approve paying contracts when a member of the old council, Superintendent of Streets John Dugan raised objections to some having contracts for repaving streets for extra work on North Pittsburgh street and \$1,000 for extra work on South Pittsburgh street had been legally expended by the old council.

"This was never contracted for," he declared, "and strictly illegal under the law. It was a contract in some other way." Mr. Dugan refers to the former council, of which he was a member, as "they." He said that he would have a better report on the matter later when he had investigated more thoroughly.

Members of the former council seemed to have no objection to the extra work which appears in all contracts. That on South Pittsburgh street was for a conduit for telephone and telegraph wires while the work is being done. He said that the companies could not make a contract for extra work. No action was taken. Mr. Dugan said that it would not be an expensive proposition.

When the Bell telephone representatives requested permission to lay a conduit on Pittsburgh street late last night, they explained that they could not lay the conduit for three days, but that they could lay it for three days. Mr. Dugan said that he would have a better report on the matter later when he had investigated more thoroughly.

Council decided to advertise for bids for the handling of the city funds for the next two years, the amount being estimated at \$20,000. Bids are to be received for each fund separately and for both, as well as for the daily balance.

Ordinances creating the offices of assistant city solicitor and street inspector and providing for the year's appropriations were passed, finally.

The two newspapers of the city will be the only bladders on printing this year. Councilman M. E. Price being eliminated by law. Neither paper submitted estimates for three kinds of fire department forms, so the contract was not let.

Mr. Price was authorized to allow the city electrician extra help to rewire the city hall. The city hall alarm system.

Bids for feed for the fire department team were filed. Most of the feed was for high in their prices.

Under the new operation, the city will have a better report on the matter later when he had investigated more thoroughly.

James M. Driscoll, a reporter of The Courier, is ill with grip at his home on Ninth street, West Side.

SOCIAL and PERSONAL

One of the most enjoyable social functions in the history of the Women's Club was an elaborate banquet held last evening at the South House by the husbands of the club members. Since the organization of the club it has been the custom for the members to entertain their husbands semi-annually and in appreciation of the generous hospitality of the ladies the men got together and planned an eight course turkey dinner for the members. The affair was a complete surprise to the ladies, each being kept in ignorance of their destination until their arrival at the scene of the banquet. The appointments were perfect, and the attention detail being overlooked in arrangements. A charming color scheme of red and white was attractively carried out. In the center of the table was a large basket of poinsettias while at either end of the table were vases of carnations interspersed with ferns. Covers for twenty-eight were laid. The banquet was served at 8:30 o'clock and was followed by readings from Longfellow by Mrs. A. W. Bowman and Mrs. J. C. Stauffer.

The regular meeting of the Women's Culture Club will be held Monday afternoon at the home of Mrs. H. George May in East Washington avenue. "Pennsylvania and the Immigrant" will be discussed. Mrs. R. S. McKee is leader.

Division No. 7 of the Ladies Aid Society of the First Baptist church held a successful party social last evening at the dining room of the church. Home-made candy cakes, pies, doughnuts and other delicacies were sold from different tables presided over by members of the division of which Mrs. H. C. Ross is captain.

Mrs. Ralph Slinger was tendered a well arranged surprise party last evening at her home in East Murphy avenue in honor of her twenty-first birthday. Eighteen guests were present and spent a very delightful evening at various amusements. Delightful refreshments were served. Mr. and Mrs. Peter Barr of Shamokin, parents of Mrs. Slinger, were out of town guests.

The Baruch Class of the First Baptist Sunday School is holding a membership campaign. The campaign opened last Sunday and every member is asked to bring a new member tomorrow.

At the regular meeting of the Christian Endeavor Society of the Christian church held last evening at the home of Mrs. T. Benford in North Pittsburgh street it was decided to observe Christian Endeavor Day Sunday, February 8, by holding services in connection with the regular church service in the evening. The meeting was well attended. Refreshments were served.

The Glad-U-Kim Club was pleasantly entertained last evening by Miss Esther Holt at her home in North Pittsburgh street. The entertainment was the usual one until a late hour after which refreshments were served. The next meeting will be held Friday evening at the home of Miss Emily and Elsie Widmer in Olcott avenue.

In conjunction with the Pittsburgh Baptist Association's Membership Campaign, which is now in full swing, the First Baptist Sunday school will hold a contest commencing tomorrow, between the Males and Females. The side securing the most new members will be entertained at a social gathering at the expense of the losing side. The scholars, both young and old, are asked to take notice of this and commence in their work right away.

Mrs. Joseph Hill was tendered a surprise party Wednesday evening at her home on the corner of Pittsburgh street and Gibson avenue, South Conneltsville by the Ladies Aid Society of the German Lutheran church. Twenty-five guests attended. Refreshments were served and a very enjoyable evening was spent at various amusements.

Mrs. Paul B. Dick entertained last Thursday afternoon at her home in South Pittsburgh street. Four ladies were called into requisition. Mrs. L. E. McGovern and Mrs. J. H. Spurr of Pittsburgh, won the club prizes, while Mrs. Shaffer of New York City, the guest of the hostess, was awarded the guest prize. Luncheon was served. Miss Gertrude Madigan will entertain the club Thursday afternoon, January 20, at 2 o'clock at her home in East Fairview avenue.

A very enjoyable dance was held last evening in St. Vincent de Paul's Hall at Leeberting No. 1 by the Young Ladies Sodality of St. Vincent de Paul's Church. Dancing was indulged in until midnight.

The Silver Thimble Club was entertained yesterday afternoon by Mrs. S.

T. Benford at her home in North Pittsburgh street. About twenty members and guests were present. Fancy work was indulged in until after 10 o'clock when a well appointed luncheon was served. Mrs. James Benford of Parkersburg, W. Va. was an out of town guest.

The Parochial school auditorium was the scene of an enjoyable dance and supper last evening given by the Young Ladies' Sodality. Music was furnished by Kiefer's orchestra. Following the card games prizes were awarded Mrs. John Duggan, Sr. and Eugene Duggan. Dancing was kept up until midnight.

A miscellaneous shower was held at the home of Aaron Long at Scottsdale in honor of Mr. and Mrs. George E. Quier, a brother-in-law and sister of Mr. Long. Their marriage was a recent event. Forty guests attended and spent a very enjoyable evening at various amusements. Refreshments were served. Mr. and Mrs. Quier received a number of pretty and useful gifts. Out of town guests were from Mount Pleasant, Pennsylvania, Conneltsville and Averton.

The Grim Reaper

FRANK H. CUNNINGHAM, 35 years old, a well known railroad man, formerly of Conneltsville, died yesterday afternoon at his home in Youngwood. About a year ago Mr. Cunningham was struck in the eye by a lump, the injury causing him considerable trouble. He became unconscious three days ago and never regained consciousness. Funeral from the family residence Tuesday afternoon, interment at Mount Sterling.

Deceased was a son of A. J. Cunningham of Johnston, Pa. His mother died in Conneltsville, November 6, 1902. Mr. Cunningham spent his boyhood days at Mount Sterling. The greater part of his life had been spent on the railroad, being employed by different companies. A year and a half prior to his death he was employed by the Pennsylvania railroad company and resided in Youngwood.

Deceased was a member of the Old Baltimore Railroad, the Brotherhood of Railroad Trainmen and the Brotherhood of Locomotive Engineers. He was survived by his widow, five children, his father and the following sisters and brothers: Mrs. C. S. Gause, Mrs. L. A. Kall, Mrs. C. W. Betts of Uniontown; Mrs. C. D. Partner of Conneltsville; Mrs. G. E. Brown of Pittsburgh; Charles Cunningham of Patmont; William Cunningham of Patmont; and Andrew J. Cunningham of Patmont.

ANTHONY KOCHICK. Anthony Kochick, the four year old son of Mr. and Mrs. Anthony Kochick of Leeberting No. 1, died yesterday afternoon following an illness of pneumonia. Funeral tomorrow with interment in St. John's cemetery.

MRS. MARY SCOTT BULGER, 36 years old, one of the oldest residents of Brownsville, died yesterday. Mrs. Bulger's death is the third in the family in the past month and her eldest son, Miles G. Bulger, father of the second, Battle G. Bulger, Brownsville, is critically ill of pneumonia.

MRS. ELIZABETH HARRIS. One of the recent arrivals held in Lower Tyrone township in recent years was that of Mrs. Elizabeth Harris, who died yesterday afternoon at 1 o'clock from the home of Oliver P. Hiebert, son of the deceased, Kelleys and friends of the deceased, from all parts of the township and area.

Captain Patrick W. Burke, husband of Mary V. Conroy Burke, died yesterday at his home in Pittsburgh. Deceased for many years was a conductor on Baltimore & Ohio trains No. 3 and 4, running between Pittsburgh and Clarksburg. For the past 35 years he has been identified with the hotel business.

Licensed to Wed. Mrs. E. D. Dunn of Greensburg, Morgan, E. Pack of Ohioville and Elizabeth Shipley of Stewart township, were granted marriage licenses in Uniontown yesterday.

Baby Girl Born. Mr. and Mrs. Louis Baranoff of Vine street, South Conneltsville, are the proud parents of a fine pointing baby girl. The father is carpenter foreman for the Foundation Company in charge of the erection of the new addition to the West Penn power house.

COLD GONE! HEAD AND NOSE CLEAR

First Dose of "Paige's Cold Compound" Relieves All Grippe Misery.

Don't stay stuffed-up! Quit blowing and sniffing! A dose of "Paige's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages, stops mucus discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

"Paige's Cold Compound" is the quickest, surest, safest, known and costs only 25 cents a bottle. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

Count Reservoirs of Wyoming. Among the mineral resources of Wyoming (and its pre-eminence) its coal fields cover about 41,500 square miles—twentieth of the state's area—and contained originally an estimated 670,723,000,000 tons. Of this quantity only 178,000,000 tons of about one-fourth of 1% has been exhausted. The production in 1913 was 7,232,066 tons, valued at \$11,619,045.

torney for Him.

ACCUSED OF SLAYING W. E. HENRY

Truck Is Struck by a Street Car and
Bodily Damaged; Methodist Church
Finally Goes Over to Tabernacle
for Sunday Service; Other News.

Special to The Courier.
SCOTTSBURG, Jan. 15.—Mrs. Thane
Gaines, whose husband, Hilly
Gaines, is in the Greensburg jail
awaiting the February term of court
when he will be tried for the murder
of W. E. Henry, is confident that he
will be acquitted. She has had five
children in her family but they all
died in infancy. She has no kin in
the world and is alone and at the
present has no intention of leaving
Scottsdale. She stated that she
gets a great deal of consolation from
the tabernacle meetings, which she
attends regularly. Mrs. Gaines' one
great desire is to be able to make
money to pay an attorney to plead
for Hilly. She stated yesterday that
\$25 would secure her an attorney.
Mrs. Gaines lives in a small house be-
longing to Mr. Dick, and said that
she could live in it until his
lease expired. She said she had been
doing a washing, but that she had
pleading and could not wash any
longer but would like to have some
good family.

WON OVER BY TABERNACLE.
The Methodist Church was the last
one holding out for church on Sunday
morning at their own church instead
of the tabernacle, but they have at
last decided to close and attend
the church on Sunday morning at the
tabernacle.

The following prayer meetings have
been announced for Tuesday evening:
District No. 1, James P. Stoner, 603
North Chestnut street, with Rev. H.
D. Allen, leader; W. D. McLean, 184

CAR STRUCK BY TRUCK.
The Sevelsky delivery truck, driven
by Oswald Weaver, was coming out
Broadway and was about to turn up
Ninth street and some one riding
in the truck asked to be left out at
this place and as Weaver stopped, a
Weston car came along, and he
had not seen, caught the truck and
dragged it twenty-five feet. Weaver
was unhurt, having a most miraculous
escape. The car was badly damaged,
the fenders bent, and the body split to
pieces. The body of the truck was so
badly broken that it cannot be re-
paired.

BANK OFFICERS NAMED.
The following officers were elected at
the First National Bank yesterday:
President, A. L. Kestler, A. C. Over-
holt vice president, Charles H.
Loucks, cashier, J. T. Stichter, as-
sistant cashier, and Ben A. Winter,
assistant cashier.

TEACHERS TO MEET.
Fifteen teachers from Upper Tyone
township met at the Peterson Busi-
ness College for instruction in writing.
ENTERTAIN FRIENDS.
Mrs. P. Matthews entertained a
dozen of her friends with a very
pleasant evening at her Loucks avenue
home. The evening was spent in
music and games and delicious re-
freshments were served.

NOTES.
Friends of Dr. E. P. Woodell will
be pleased to learn of his improved
condition at the St. Francis hospital,
where he is being treated for a nerv-
ous breakdown.

E. M. Benjamin, Jr., was a caller in
Pittsburgh on business yesterday.
Mr. and Mrs. Frank M. Goshorn of
Woodlawn are visiting at the home of
the former's parents. Frank Goshorn
is taking a much needed rest follow-
ing very hard work as chief clerk
in the mail and wire department
of the Jones & Laughlin plant.
Miss Vera Foster left last evening
to visit Washington, D. C. friends.
John Meidel was a caller in Con-
nellsville yesterday.
Miss Irene Loucks and Miss Rose
represented Scottsdale at the singing
meeting at the Hotel Rapp yesterday.

PREPAREDNESS.
A Good Thing For Individuals as
Well as Nations.

A nation in times of peace should
prepare to defend itself against a
possible war and the individual citi-
zens of plenty should prepare a de-
fense against possible want. Best
way is to have a savings account with
the old, reliable First National where
liberal interest is paid. \$1 starts an
account.—Adv.

PHONE EXCHANGE

Private Branch is to be installed in
the Courthouse.
Realizing that telephone facilities
are of great importance, the county
commissioners have taken steps to
make all county offices of easier ac-
cess by wire. A contract recently
made with the Central District Tele-
phone Company provides for a private
branch switchboard serving 31 tele-
phones and connected with the central
office by eight trunk lines. The tele-
phones will be installed in offices
both in the courthouse and in other
buildings. The change is a part of
the "efficiency program" on which
the new commissioners have been
working since they took office.
The switchboard, which will be of
the latest type, will be placed in the
county surveyor's office and operated
by one of the county's present em-
ployees. This switchboard will have a
capacity which as many as ten lines
to the telephone company's central
office and 30 lines to telephones in
the various offices. Thus there is
a plan to utilize the growth in the
county business which is bound to
come in future years.

RAILROAD MEN'S WIVES

To be Used to Join in the Movement
for National Preparedness.
In prosecution of its campaign the
Pennsylvania Women's Division for
National Preparedness is formulating
a plan to utilize the mothers, wives,
daughters and sisters of railroad men
in the work.
The suggestion has been submitted
to the officials of the Pennsylvania
railroad who have sanctioned the
movement in so far as it applies to
the employees of that company. They
have advised the promoters that an
official call will be made to the
women in families of men employed
on all the Pennsylvania lines to take

SORBON THEATRE.

"A BUTTERFLY ON THE WHEEL."
The Sorbon present the beautiful society drama, "A Butterfly on the Wheel," today at the Sorbon Theatre with Holbrook Blinn and Vivian Martin in the stellar parts. It is a touching story of a neglected wife. The result is who is left to nurse herself and become a gay little butterfly. "The Little Upright" is a romantic three reel Laemmle drama featuring Stella Hageta and Charles Lyke. Love affairs among the rich and those in the higher circles of society are carried on in a dramatic way. This is different. "Five Years' Terrible Fate," is a rich comedy telling the tale of an escaped convict who entertains a company of revelers with a thrilling story of his life, and then the flash comes. Monday, Charles Chaplin appears in the burlesque comedy, "A Jitter Bug." It is also the final episode of the political serial, "Crack." Much has been written about this grand play. "Hobart Honey and Jane Noval" are the stars in this picture. Tuesday, the great Broadway University feature, "The Princess," will be the attraction.

GLOBE THEATRE.

"THE PUTTALL."—A Broadway feature in four acts presenting Marian Sals, Thomas Lingham and True Boardman, is an especially interesting attraction today at the Globe. The drama is a powerful one, and the story is intensely interesting from the beginning to the end. The star, "The Puttall," is a wild animal picture, featuring the Sals Jungle Zoo, is also included. The photoplay in which they are cast is interesting in itself and tells of the adventures of a young American while collecting wild beasts for a circus. Another attraction is Mr. and Mrs. Sidney Drew in "The Great Secret," a new red Vitaphone comedy. Mrs. Drew is the thinker of beautiful thoughts but Mr. Drew's thoughts run in a different channel and the result for an audience is a succession of broad grins. Florence Natoli is also a member of the cast. Monday, "A Bit of Love," a three part drama with Edwin Carr, Edna Mayo and Sydney Alsworth in the cast, will be presented.

ARCADE THEATRE.

"THE LAMB."—In "The Lamb," Fairbanks plays for all the enthusiasm and masculine qualities which he has shown in his legitimate work. An worthless young son of a rich Eastern family he wins the love of a handsome girl, Susan Owen. Disappointed in her estimate of him when a husky Westerner appears, who goes to the ranch country with a posse of lawless men, Fairbanks eventually follows but falls into the hands of a tribe of Yaqui Indians. His fiancée shares a similar fate and they meet as prisoners in an Indian village that is attacked by a force of Mexicans. The Mexicans driven off, the Yaqui chief turns his attention to his white prisoners. Fairbanks and Miss Owen, with a machine gun that has been left behind by the Mexican troops, hold their captors at

bay until the arrival of a company of United States cavalry. Fairbanks is thus restored to the affection of his fiancée. "My Valet,"—Hitchcock and Bennett, who also appears in the piece, visit the home of the young woman to whom Hitchcock has been betrothed in childhood. Not at all pleased with the prospect of marrying a girl whom he never saw, he changes places with his valet. When he sees the girl he regrets his action and desires to resume his proper place. Bennett, however threatens to expose him and a new complication is added by the repulse of a foreign admirer of the young lady. Fred Allen is the foreigner and Michel Norman, the hero. She is bound to a rock over which the tide rises and breaks. Hitchcock tied to a bed by his valet, escapes his bonds, sees her in the surf and in a thrilling ride through the air with an umbrella as a parachute, rescues her. Then his true identity is revealed, romance reigns and the two villains are punished according to their deeds.

CANT GET MATERIALS

Manufacturing Plants Close Down in Consequence, War Munitions Orders Go Begging.

Inability of mills to make satisfactory delivery of finished materials, says the Iron Trade Review, is illustrated by the closing of a number of manufacturing plants in the east because they cannot obtain plates. Representatives of the Allies are having a great deal of trouble in placing orders and an inquiry at Cleveland for 5,000 tons of steel for the manufacture of munitions has been withdrawn on account of inability to obtain delivery before July 1.

The ferromanganese situation is becoming more serious, due to the danger of the Suez canal being captured by the Germans. As high as \$150 per ton has been paid for the metal. Prices for manganese ore are now the highest on record.
Demand for machine tools continues active and steady. Russia is the principal foreign buyer. The pig iron market is firm, but buying is not very active at present.

STEEL TAX MAY FAIL

Likelihood That Congress Will Not Enact the Necessary Legislation.
The belief is growing in strength, says the Washington correspondent of the Cleveland Iron Trade Review, that the specific taxation proposals made by the President will never be enacted into law, but will be considerably revised if a direct taxation plan is adopted, as seems probable. It is not thought by many, for instance, that the excessive tax proposed on the iron and steel industry will be approved by the committee and that, even if it were, Congress would not ratify the committee's action. But it may be expected that a sharp fight may be made for such taxation by those who consider the steel industry a legitimate object for attack.

Temple Furnace Sold.

The property of the Temple Iron Company, at Temple, Pa., has been transferred to the Delaware Steel & Ordnance Company, the \$10,000,000 corporation, which has been formed to operate the old works of the Temple State Steel Company, at Wilmington, Del. The Temple furnace, which was blown in about 30 days ago, will supply a portion of the pig iron requirements of the Wilmington steel works.

What the Wage Advance Means.

About \$15,000,000 will be added to the annual labor bill of the United States Steel Corporation as a result of the voluntary increase of 10 per cent in the wages of unskilled labor and proportionate advances among other classes of employees.

Facts Versus Fallacies

FACT is a real state of things. FALLACY is an apparently genuine but really illogical statement or argument.

WEST VIRGINIA is a Prohibition State. It is not lawful to make, sell or buy liquor in West Virginia.

YET, to prove that Prohibition does not prohibit, and that all it does is to prevent the legalized and regulated sale of liquor, the clipping to the left is offered as proof. This news item was sent broadcast throughout the United States by the Associated Press on March 12th.

TWO boys, one a mere child, engaging in the unlawful manufacture of liquor in a State given over to Prohibition, presents a picture that makes every right-thinking man and woman grieve. For we must look beyond the fact of two babes in the woods making liquor to the CON-

ITIONS that make such an act possible. IT IS the old, old story over again—deny a man that which he takes as his right and he will go to extreme lengths to combat your interference.

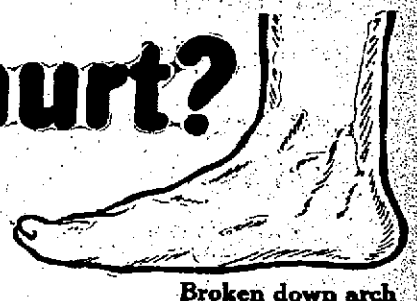

MANY, many times it has been demonstrated that lawlessness and drunkenness follow in the wake of Prohibition—that the only difference between a "dry" and a "wet" State is that one hides secretly, the other openly.

IT IS A FALLACY to think that Prohibition prohibits. It is a FACT that the temperate use of alcoholic beverages tends to the building up of a lawful community.

Tender Teeth—the first sign of Pyorrhea

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenamelled surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession caused by pyorrhea.

Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set—and you will eventually lose them. To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your

teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube of Senreco is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company, 503 Union Central Building, Cincinnati, Ohio.

THE CONNELLSVILLE COKE MARKET UPSET BY THE YOUNGSTOWN STRIKE TROUBLES

Which Caused Banking of
Ten Furnaces and
Left Some

CONTRACT COKE IN THE AIR

Coke Prices are Soft but Prospects
are That They Will Now Rise
with the Weather and This is
the General Market Alignment.

Special to The Weekly Courier.

PITTSBURGH, Jan. 12.—The coke market is showing a decided tendency this week after the shock it received late last week from the banking of several furnaces at Youngstown on account of strikes. The market has fully recovered its tone, but has not regained its old price.

The strikes at Youngstown caused the banking of ten furnaces, five belonging to the Republic Iron & Steel Company, four to the Youngstown Sheet & Tube Company and one, a merchant stock, to the Struthers Furnace Company. Struthers furnace draws its coke chiefly from its own plant in the Connelville region, but takes a small additional tonnage from an outside operator. When the Struthers furnace was banked a portion of the coke output was offered for sale. The Youngstown Sheet & Tube Company obtains its coke under contract with two Connelville interests, about 75,000 tons a month, and the banking of the furnace gave the operators a surplus of coke. The Republic Iron & Steel Company supplies its Youngstown furnaces with coke made at its own by-product plant at Youngstown. When the strike started the company offered some coke for sale, doubling the rate but was on track for very shortly the by-product plant was closed also by the strike. Then a portion at least of the coke, drawn from the company's old plant in the Connelville region, was offered for sale. Fuel coal shipments from the Pittsburgh district to the Philadelphia question was stopped, and this caused a little softening even in the coal market.

While prompt furnace coke through the middle of last week was firm at \$2.00, on Saturday there was a sale at \$2.50 and more was offered at the same figure without finding buyers. Prospects then seemed to be that the market would decline further as coke accumulated on account of the continued banking of the furnaces. On Monday there was no market, except so far as one was made by coke being offered at \$2.50 and none being bid for at all. On Tuesday there were no offers, and it seemed likely the coke market would remain in a state of stagnation. Buyers concluded that if they needed any coke they had better act at once, taking advantage of the temporary softness and several purchases were made at \$2.50, which therefore represents the quotable market.

The prospects are that the market will now work up rather than down. There has been no winter weather to speak of thus far, yet real winter weather is to be expected, and that will undoubtedly curtail production and shipments. The coke market recognizes this prospect, and any seller who would offer coke at \$2.50 would probably ask at least \$3.00 for delivery over the next 30 days. This has been the market alignment for more than a week, and about the middle of last week a sale of nearly 10,000 tons for shipment over the remainder of January was made at about \$3.25. At the time when the spot market was not over \$3.00. On the other hand, the market for a longer period of delivery is lower. The extreme pitch is expected in the next few weeks. Contract prices are practically nominal, as there are no negotiations of consequence, and the market is quoteable only on the basis of last sales. The market as a whole now stands about as follows:

Prompt furnace	\$2.50
January furnace	\$3.00
Furnace, first half	\$2.50
Furnace, second half	\$2.50
Prompt country	\$2.50
Contract country	\$3.00

The embargo continues on shipments of coke to New England by the New York, New Haven & Hartford and the Boston & Albany, and indeed these routes are closed to all coal barges on steel products also. Monday morning the Western Maryland placed an embargo on eastbound coke for distribution to furnaces on the

COKE TRADE SUMMARY.

"The like the Irishman's son" said a Connelville operator speaking of the coke trade this week. The Youngstown troubles throw 65 cars of coke back upon the Connelville operators, but it has been quickly absorbed and which will promptly recover since the ten furnaces shut down are already resuming operations. The incident, however, brought forth the fact that some hitherto idle furnaces are about to blow in on Connelville coke so that a wider market than ever has been opened up. Production and output ran close to 450,000 tons last week, but it will fall below this week because of the celebration and a few holidays. January furnace coke is steady at \$3.00 per ton. Finally the running was dry but are lacking in efficiency, yet considerable coal is being shipped to by-product even. Better working conditions are expected.

Philadelphia & Reading. This would probably not have stopped shipments, however, as the Philadelphia & Reading can be reached by the Pennsylvania. The embargo, however, taken off Monday afternoon. The pig iron market has been quiet since the first of the year, but has certainly lost none of its strength. There are very few sellers of Bessemer iron and not many of basic foundry iron is probably quieter than it otherwise would be on account of the strike of molders in the Pittsburgh district. The foundries are reported as having been working and melting iron from week to week, while hardly any shipments of iron to them have been held up. The market is quotable as follows:

Bessemer	\$21.00
No. 2 Foundry	\$18.00
Mailable	\$18.00
Gray Force	\$18.00

These prices are for a 10 lb. Valley furnace, prices delivered Pittsburgh being higher by the 95-cent freight.

WORLD'S COAL SHORTAGE

Predicted by Pennsylvania who has studied European situation. J. J. Morrison, an eastern representative of the Keystone Coal & Coke Company, returned this week from a five months' survey of the coal situation in Europe. The information thus gained leads to the prediction that a serious world shortage of coal is certain to ensue as a result of the great war now in progress.

In an interview Mr. Morrison is reported to have said that France, England and Italy would have to import 20,000,000 tons of coal annually from the United States for 20 years to keep their industries running. He asserted that the Allies had drawn heavily on their coal reserves in the war and that the output of their mines was falling far behind the consumption.

A grave factor develops from the fact that American production last year showed but very little increase over the year before, while the shortage of men in important fields like the Pittsburgh and West Virginia, and the probable suspension of some operations pending wage agreements next April will have the effect of cutting down this year's output.

SOUTHERN RICE COKE SCARCITY

Cannot be obtained except in special lots and at fancy prices. Spot furnace coke in the markets supplied by the southern fields, has become so scarce that it is now obtainable only in special lots and at fancy prices. Demand for spot furnace grades also is good, but is not as heavy as that for furnace fuel shipments on contracts continue very heavy.

The tonnage of coke produced by southern owners each week is not sufficient to fill all specifications for immediate delivery from consumers. Prices show no change for contract shipment either in the West country, Pennsylvania or New River districts.

HAVE BUSY YEAR

County Sealers of Weights Accomplish Much Good in Fayette. Special to The Courier.

UNIONTOWN, Jan. 14.—The annual report of the Department of Weights and Measures of Fayette county was submitted to the county commissioners today by Sealer W. J. Callaghan and Inspector J. D. Bennett. The report follows:

"In submitting the report of the work done by this department for the year 1915, we have the great satisfaction to assure you that the department has been a complete success and has met with the hearty approval of every

honest merchant and vendor in the county.

"The only disapproval, as far as the department is aware, comes from the dishonest vendor. The number and their methods used, were exposed at our exhibit at the 'Lawson' fair, at which we had over 2,000 visitors inspect the work and take for information and literature on weights and measures, after which they expressed themselves in glowing terms of the 'good' work being done by this department in safeguarding the interests of all those engaged in the greatest of all business, housekeeping. The confiscated false measures shown at the exhibit was a revelation that astonished all who saw them.

"The report of work done follows: Number of merchants visited, 1,220; number of places inspected, 1,204; number of scales inspected and condemned, 238; number of all measures inspected and sealed, 1,229; number of all measures inspected and condemned, 215; number of packages inspected, 2,264."
